

CONNECTIONS

WINTER 2015

Quaker Religious Education
Collaborative

NEW RESOURCES

Send us your ideas, websites, new curricula to share or add to the QREC resources list!

- Check out [QuakerSpeak](#) This series of 41 short videos interviews a broad group of Friends on topics of faith, ministry and the vital issues of our religious society. We recommend the piece on [“Quakers and the Inner Light”](#) for newcomers. Also a great resource for Middle School and Young Friends programs and discussion.
- Faith & Play™ makes available *An Easter Story for Friends* as a **free download** on the [FGC website](#). If your meeting is using Godly Play® and Faith & Play™ materials, this story (released last winter) may be a resource for approaching the Easter story.
 - **Beautiful handmade materials can also be purchased from FGC QuakerBooks.**
 - The Faith & Play Working Group hopes to release new stories for the 10th anniversary of Faith & Play in summer 2015!
- FUM’s [“Color Me Quaker” Coloring Book](#) (designed for children ages 5-9) available from Friends United Press for \$10 is a fun resource with 26 pages of images from the stories of historic Friends and children today.
- [KIDSQUAKE!](#) A **Quaker youth outreach project** supported by the Friends Media Project, this wonderful **website full of resources** for young people has lots to explore, including [An Introduction to the Life of Jesus for Quakers, Inspired by the Musical Godspell](#). Five multimedia lessons include passages from the New Testament gospels, historic context and explanation, music from the show, how the story connects to Quakerism, and queries for discussion.

Save the Date! August 14-16, 2015

First bi-annual QREC Conference

This time at Pendle Hill in Wallingford, PA

- ❖ Join the Collaborative for fellowship, workshops and interest groups.
- ❖ We’ll worship, play and share in multigenerational community.

Watch email and the [Facebook page](#) for more information about workshops and registration.
